Authorized to work in the U.S. · no sponsorship required

Data-informed urban designer and cartographer, building maps, 3D environments and interactive prototypes across mobility, public space, climate hazard and infrastructure with GIS, Python, SQL and R, turning spatial data into clear, usable maps and interfaces.

MAP DESIGN SYSTEMS
Colour and type systems that hold at every scale.

3D ENVIRONMENTS
Built and natural worlds, modelled and animated.

REAL-DATA PROTOTYPES
Interactive maps, from data pipeline to 3D.

AGENTIC WORKFLOWS
AI tools and templates that lift team efficiency.

SELECTED CARTOGRAPHIC WORK

Raasta
Philadelphia · 2026

3D walking navigation prototype · **raasta-prototype.vercel.app**

- Routes the most scenic walk, not the fastest, on a 3D Mapbox map with callouts drawn from the real places each walk passes.
- A Python engine scores all 196,411 walkable street segments on trees, parks, water, art, history, noise and traffic danger; a language model turns mood into weights.

Mapbox GL JS · Python · FastAPI · Next.js · Groq · Claude Code

Learning to Ski from NYC and Philly
Nov 2026

Interactive 3D terrain map · **see the live map**

- Every ski area within a day trip of New York and Philadelphia on shaded terrain, ranked by what an absolute beginner needs: green runs, bunny hills and drive time.
- Python and OpenStreetMap trail data on USGS 3DEP terrain, processed in ArcGIS Pro.

Python · ArcGIS Pro · OpenStreetMap · USGS 3DEP

EXPERIENCE

Urban GIS Analyst · Community Design Collaborative, Philadelphia **2026 – Present**

- Lead the GIS analysis for Haverford Avenue Reimagined, West Philadelphia: circulation, transit, cycling and parking maps that ground the streetscape design.

ArcGIS Pro · InDesign · Photoshop · Miro

Brand & Partnerships Designer · AIGA Philadelphia Jun – Sep 2026

- Designed the brand identity for Locally Sourced No. 5, AIGA's annual design publication.

Figma · Illustrator · InDesign · Basecamp

Landscape Architect & Project Manager · Design Cell, Mumbai 2021 – 2023

- Ran 5+ concurrent projects, from a 100-acre IT park to large townships, leading teams of six and international partners from concept to site.
- Co-pitched the Lucknow International Airport landscape; built the firm's first digital identity, supporting a 30% rise in commissions.

Rhino · Revit · AutoCAD · Photoshop · InDesign

SKILLS

Cartography · colour, typography, zoom levels, terrain, thematic and editorial maps
Urban analytics · Python, R, SQL, ArcGIS Pro, QGIS, raster and vector data, mobility analysis
Data visualisation · interactive maps, charts and dashboards in Python and Mapbox
3D and prototyping · Rhino, Revit, AutoCAD, rendering, animation, Mapbox GL JS
Adobe suite · Photoshop, Illustrator, InDesign, Figma
Languages · English, Hindi, Marathi, Marwari

EDUCATION

Master of Urban Spatial Analytics
University of Pennsylvania · 2026–27
Dean's Merit Scholarship · McHarg Center RA

MSc Urbanism, Landscape & Planning
KU Leuven, Belgium · 2023–25
With distinction · Govt. of India merit scholarship

Bachelor of Architecture
Mumbai University · 2015–20

LEADERSHIP

GenAI Studio Fellow
Wharton AI & Analytics Initiative · **2026 – Present**
Building an AI prototype with Wharton faculty.

Content & Experience Director
Future of Cities Forum, Penn · **2026 – Present**
Directing the design panel end to end.

Content & Community Lead
Design United · 2020 – 21
Grew a design community to 6,000+ members.

RECOGNITION

2026 Thesis in Urban Design Lab Publication
2025 Urban Capillaries, published, KU Leuven
2024 Exhibited at SNFCC Athens
2022 Gold Medal, Landscape Design
2021 The Overlap, published in FOLIO
2019 Featured in Mid-Day, Mumbai

EARLIER PRACTICE

Junior Architect 2020 – 21
Varna Shashidhar Landscape Architects, Bengaluru

Architectural Intern 2018 – 19
A for Architecture, Nashik
